Green CAMPUS POLICY

GREEN CAMPUS POLICY

Govt. College Bishrampur should demonstrate higher sensitivity and responsibility in implementing green concepts in the campus. The campus sustainability initiatives is established with the aim of promoting green practices in and beyond the institution and develop best practices strategies in environmental management. Although establishment and maintenance of green campus is important, spreading awareness on the green practices among students and educating stake holders is our priority.

The policy starts with information and ends with a plan of action. In turn, Institute will fairly managewater resources, waste management, conserve natural resources, and provide eco- friendly and recommend minimal paper use. Institute will implement following practices towards establishment and maintenance of green campus and adopt the awareness and green initiatives beyond the campus too. This will result in safe environment that is a better place to live, learn and play.

Water Management

- Always practice and implement rain water recycling and harvest rain water to resolve and manage water scarcity problems in future
- Protect environment towards climatic changes and conservation of sources for drinking water.
- Regularly inspect taps for draining and repair immediately to avoid loss of potable water.
- Promote effective water management drip pipe lines, recycling of drainage and rain water harvesting.

Waste Management

- Spread the awareness amongst society about the waste management for ecosystem and methods for its disposal.

Green Building

- Promote and advocate the implementation of solar passive technology for sustainability and green concepts.
- Cleanliness in and around the campus and waste minimization

Tobacco Free campus

- According to institute policy and rules the use of tobacco products is treated as offence.

Green initiatives beyond the campus

- The Green Campus Programs beyond the campus should be encouraged and planned. Strong commitment and support from the Management will always be there to the College for contribution to embedding sustainability in the campus and beyond the campus. Green Neighborhood promotional programs will inculcate social skills and bring awareness in communities to control pollution, save energy, practice on-site renewable energy methods and preserve agricultural and environmentally sensitive areas. The student-led Green Campus programs to be initiated by NSS volunteers under the NSS College Program Officer.

Save Energy TIPS:

1. Activate power management features on your computer and monitor so that it will go into a low power “sleep” mode when you are not working on it.
2. Turn off your monitor when you leave your table.
3. Activate power management features on your laser printer.
4. Whenever possible, shut down rather than logging off.
5. Turn off unnecessary lights and use daylight instead.
6. Avoid the use of decorative lighting.
7. Use LED bulbs.
8. Keep lights off in ICT rooms, classrooms, Seminar halls when they are not in use.
9. Use the fans only when they are needed.
