1- Alternate sources of energy and energy conservation measures-

Common electricity meter is provided for the entire campus. Electricity is provided by ' chhattisgarh state power distribution company limited'. Conventional tube lights, LEDs and fans are installed in classrooms, laboratories and library for efficient energy consumption and saving on electric bill. LEDs lights is good from efficiency point of view. These tube lights are switched on in the night with the help of timer. During study, tube lights were on in the class room and it was observed that lux level was good in the class room near to window.

2. Management of the various types of degradable and non-degradable waste-

Solid Waste Management: For the solid waste disposal many awareness and cleanliness drives have been carried out by NSS volunteers (under the Swachh Bharat Mission Campaign) in the campus. As a results our campus becomes litter free. Dustbins for collection of waste are placed at certain places and rooms. Waste from the college is collected to a large waste container placed outside the building in the campus from where waste is collected by the municipal worker for disposal and treatment.

Liquid waste management: The waste water from ROs, toilets is drained to septic tank. The Liquid waste from laboratory is collected in a container.

Distt.-Surajpur(C.G.)

Bio-medical waste management: The college does not produce such waste and there is no facility for biomedical waste disposal and treatment in the institution.

E-waste management: the college has boxed the waste wires, keyboard, CUP and other equipment in the store room.

Waste recycling system: the institution has no facilities for recycling of waste but waste collected from the college is collected by municipal worker and recycled and treated by them.

Hazardous chemicals and radioactive waste management: No such waste is produced by the institution and there is no facility for management of such waste in the institution.

GREEN INITIATIVES-

Sustainable development is one of our priorities in all disciplines. We aim to give our students a hands-on education which will make them conscious of what they can do better the environment and ensure a healthy future.

Our campus is eco-friendly, we promote a green and clean environment for students who spend 5-8 hour here every day. College students have done other program on cleanliness in the campus under "swachh bharat abhiyan" scheme.
